 Don't let back pain interfere with your daily activities for another minute!

**The Rumph Family and Staff can help you with chronic pain, injuries or illnesses**

I suffered an attack of sciatica. It was so painful that I couldn't take one step without pain. The only time I was pain free was when sitting or laying down. One of my great loves is horseback riding. I work as a trail guide at a public stable in a Michigan state park. There was no way I could ride while in this pain. I began to get some relief after four adjustments at Rumph Chiropractic. I am now totally pain free and able to do any activities, I'm continuing chiropractic care so my sciatica doesn't flare up again. The doctors and staff at Rumph Chiropractic have been fantastic.
